

The 2022 Hamilton Award Opens

Hello Keythe,

It's once again time to start building our 2022 Cohort; **applications for the [2022 Hamilton Award](#) are open now until Jan. 26, 2022!**

We're looking for the 40 young, future changemakers from across the nation -- known for their academic, personal, service, and entrepreneurial accomplishments -- who will make up our 2022 Cohort!

As you may already know, those awarded each get two \$500 awards (at the start and end of the program) and a laptop before they head to college. Equally important is that those selected will join their fellow cohort members in the **[5-year Empowerment Program](#)**; provided at no cost to students, they'll receive mentorship, practical guidance, and a comprehensive network of support while also attending annual leadership conferences in New York, Seattle, Puerto Rico, and Texas!

If you know someone who'd make for a perfect addition to our HamFam, please forward them this email -- encourage them to apply!

Interested in learning more? Join us on December 15, 2021 at 1 p.m. PT and learn more about the Hamilton Award, our 5-year program, and have all your questions answered!

Did you get forwarded this email?

Apply to be a Hammie!

The person who forwarded this email to you thinks you're just the future-Hammie we've been looking for!

What's a Hammie?

Each year, AHS selects 35 underserved high school juniors for the **[Hamilton Award](#)** and to join the **[AHS Empowerment Program](#)**. These Scholars — lovingly nicknamed "Hammies" — are exemplary individuals for their academic, personal, service, and entrepreneurial accomplishments.

What's the Empowerment Program?

The Empowerment Program, provided at no cost to students, provides mentorship, practical guidance, and a comprehensive network of support — much like Hamilton had — so that our Hammies, too, can leave a lasting legacy that will forever change their communities, our nation, and the world.

Ready to take the next step?
