INTRODUCTION

Employees and the North Border School District are engaged in an at-will employment relationship. Either party is free to terminate the relationship at any time, with or without reason/notice. The North Border School District is not bound by any oral promises concerning an employee's length of employment. This handbook serves as a guideline for employees; it shall not be construed to form a contract of employment between the North Border School District and its employees. The North Border School District reserves the unilateral right to change the handbook at any time.

This Handbook is an outline of the basic personnel policies, practices, and procedures in the North Border Schools. It contains general statements of school district policy and it should not be read as including the fine details of each policy nor as forming an express or implied contract or promise that the policies discussed in it will be applied in all cases, nor is it to be interpreted to alter, amend, or extend any of the terms of any written contract of employment existing between the employee and the district. The school district may add to the policies in the manual or revoke or modify them from time to time. Management will try to keep the manual current, but there may be times when policy will change before this material can be revised and published. The letters, which appear in capitalization following some headings, indicate the reference code for policies and procedures contained in the policy manual adopted by the North Border School Board. Board Policy can be accessed through the district's website www.northborder.k12.nd.us.

The District as a service to support staff employees has created this handbook. The handbook can be a useful reference for providing information and answering questions relating to personnel concerns and operations of the district. To quickly and easily locate items of interest, please consult the Table of Contents.

Because of the importance of personnel policies and practices in the conduct of school business, the administration and the School Board will continually review and recommend changes in the school district's personnel policies, its employee benefit programs, and its salary administration programs. Input from employees concerning policies is always welcome and encouraged.

Any employee may recommend a change in policy to the Superintendent. Likewise, matters of importance not covered by the manual should be brought to the attention of the Superintendent in order that new policy or procedure may be formulated if necessary.

Employee Acknowledgement:

The Handbook has been developed for the general guidance of North Border employees and it is the responsibility of the employee to read and understand the information contained in the Handbook. The administration is available to answer any questions concerning the Handbook or any District policies, benefits and/or procedures.

MISSION STATEMENT

The North Border Public Schools primary mission is to educate young people for a satisfying and productive life. The individual differences and unique needs of each student will be considered in the total development of that student. North Border Public Schools will facilitate a desirable balance through a strong academic approach enhanced by special needs programs, elective offerings, health and physical education and co-curricular activities.

The North Border School education program recognizes that learning is a lifelong process. With the cooperation of the home and community, the North Border Schools will provide the students with the means to develop moral and social values to become responsible citizens.

PHILOSOPHY

At North Border Schools, we believe that:

1. The purpose of education is to equip students with the knowledge and skills necessary to become active, informed, and productive members of society. Our public schools have a responsibility to foster the growth of intelligent and informed citizens.
2. All individuals are entitled to equal rights, freedoms, and opportunities regardless of economic, cultural, or intellectual differences. The District is committed to creating and preserving a learning and working environment that promotes tolerance and is free from discrimination and harassment.
3. Only through the study of basic subject matter, history, culture and fine arts will students be prepared for both the practical tasks and complexities of the world. The District will provide all students with opportunities to participate in varied curricular offerings.
4. Education should aid in the development of good character, self-respect and self-worth, and offer opportunities to form satisfying and responsible relationships with other people. The District will offer programs that allow students to practice the skills of family and community living and that promote an appreciation for health and safety.
5. Education must look to the future. The District will offer programs to help equip students with skills that may be demanded by our future society, that help students select appropriate occupations, and that provide opportunities to develop worthwhile leisure time activities. The District will also offer programs that teach money, property, and resource management techniques and conservation practices in order to assist students with planning for the future.
6. Educational experiences should be timed in accordance with students' readiness for them. All district programs will take into account factors such as age, maturity, and readiness.
7. Appropriate discipline helps ensure that the educational program operates efficiently and helps mold students into upstanding citizens. The Board shall develop policies in accordance with law to ensure administrators are equipped to appropriately respond to disciplinary issues.
8. Parents and the community should serve as partners with the school. It takes the combined effort of all members of the community to develop and maintain an educational program that meets the objectives delineated above. District schools will embrace the support and reflect the expectations of the community.

EMPLOYMENT

Administrative Responsibility: All employees will be under the supervision of the respective building principal and the superintendent. The appropriate supervisor will be responsible for the assignment and work scheduling of personnel and will be responsible for providing appropriate training, supervision and evaluation of such personnel.

Work Days: All employees will receive a work agreement with the scheduled work days.

Pay Periods: Pay days are on the 15th and 30th of each month.

Work Hours: An employee's number of hours per day shall be defined on the work agreement unless otherwise determined by the superintendent. Actual starting and ending times will be determined by the supervisor with approval of the superintendent. All classified employees will be required to complete a time sheet for each two or three week period.

Work Week: The work week starts at 12:00 a.m. on Monday and runs through 11:59 p.m. Sunday. The established work week will consist of no more than forty hours.

Work Breaks: Work breaks are provided from work to relax and refresh yourself. If your schedule permits, you **may** be allowed to take up to two paid work breaks of 15 minutes each, one in the forenoon and one in the afternoon. Breaks may not be accumulated if one is not taken, nor can they be used for coming to work late or leaving early.

Meal Periods: Employees are entitled to a meal period. The lunch break will be at least 30 minutes, duty free and unpaid. If employees waive their right to a meal period, it will be considered paid time, and duties may be assigned.

Personnel Separation: All classified employees of the school district are "at-will" employees and, accordingly, may be terminated at any time, with or without cause, upon notice which is reasonable under the circumstances.

Unless an emergency exists, the school district asks employees who voluntarily resign to submit a written notice of resignation not less than two weeks (ten working days) before their expected last day of work in order to leave in good standing.

COMPENSATION AND BENEFITS

COBRA: The federal law, Consolidated Omnibus Budget Reconciliation Act, referred to as "COBRA" allows federal employees and dependents whose medical insurance would otherwise terminate, to continue the same medical coverage for a specific time under certain conditions. Depending on the circumstance, employees and/or their dependents can continue medical coverage for a specified amount of time.

Direct Deposit: The district utilizes direct deposit for all employees. Paychecks will be electronically transferred directly into your account. The employee will receive a pay voucher with the details of gross pay for the period and all withholdings, authorized deductions and the net pay amount credited to the employee's account.

Health Saving Accounts/Flexible Spending Accounts: Health Savings Accounts and Flexible Spending Accounts are available to designate a certain amount of your taxable income on a pre-tax basis to be reimbursed for out-of-pocket medical and dependent care expenses.

Holidays: Holidays will be paid and shall be non-working days. Holidays which fall on Saturday shall be observed on the preceding Friday, and holidays which fall on Sunday shall be observed on the following Monday. The following holidays will be observed: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, and Christmas Day. You will not be required to work on the Friday following Thanksgiving or Christmas Eve, but you will not be paid for these days. Employees will only be paid for days that they are scheduled to work. Ex) 9 month employees will not be paid for Memorial Day or Independence Day.

Health Insurance: A health insurance plan will be offered to employees working 12 months. Employees working 9, 10 or 11 months will also be offered a pro-rated health insurance benefit. The pro-rated health insurance benefit will be based on a 30 hour work week and 12 month employment (9 month = 75%, 10 month = 83%, and 11 month 92%). Temporary employees and employees who work less than 30 hours per week will not receive any health benefit.

The health insurance benefit will be for district health insurance premiums only.

Liability Insurance: The school board provides a comprehensive liability policy that covers all employees regardless of classification. This includes full and part-time employees.

Classified employees who work more than 40 hours a week or the hours designated on the work agreement without authorization are subject to disciplinary action up to and including discharge.

The Superintendent shall determine whether it is necessary for classified employees to work overtime hours. Exceptions to this requirement in emergency situations may be made by the building principal. Classified employees shall be required to perform all overtime hours assigned to them. Compensation

If an employee is employed for two or more different positions which have different rates of pay, the District will pay the employee overtime compensation based upon the weighted hourly rate or may enter into an agreement with the employee before the work is performed to pay the overtime at the overtime rate of pay for the actual work performed after the first 40 hours of work in that work week.

Payroll Deductions: Payroll deductions are made for all mandatory deductions, such as, federal income tax, state income tax, and FICA. Payroll deductions on a voluntary basis can be made for approved items.

Withholding Forms: All employees of the district must have a W-4 on file before being paid. The most current W-4 on file is used to determine withholding for federal and state income tax.

Workforce Safety & Insurance: The North Border School District furnishes workforce safety insurance coverage for all employees. Workforce safety insurance is intended to provide medical care and pay for lost time resulting from injuries on the job and those illnesses caused by the employee’s work.

Employees must report any accident to their supervisor immediately. Employees should also report a near miss or close call, which occurred to them or they witnessed. Reports must be made on all accidents, not just those resulting in an injury.

Employees who are reimbursed by Workforce Safety & Insurance for days absent from work cannot have sick leave payments or any other district provided insurance exceed their regular earnings. When an employee has a loss time claim and received workers compensation reimbursement, the employee must send a copy of the workers compensation check to payroll. Credit to the employee’s sick leave account will be calculated by dividing the amount the workers compensation check by the employee’s hourly rate.

If an employee received more than the regularly scheduled earnings, the district will deduct the overage in the next pay period.
